

Social — a company's relationships with its stakeholders, employees and suppliers

For 23 years, Westchase District's **Corporate Challenge** has brought together employees of area businesses for a day of **team-building, networking and fun**. Proceeds from the event **benefit area charities**, including the **Westchase District Community Fund**. This 501(c)(3) organization was established to **align community support with area needs** outside the governmental scope of Westchase District. The WDCF hosts an annual **school supply drive** benefitting area schools and a **trash pick-up event** along Westchase District trails. The WDCF makes **financial contributions** to organizations working to improve the area and **provides volunteers** to area events and non-profits. The WDCF installed a **bike repair station** along the Brays Bayou Connector Trail. The WDCF board and the **Westchase District Advisory Board** consist of area residents and business owners, making them **representative of the people and businesses** of Westchase District. The District hosts more than **200 free events** every year at Woodchase Park, everything from weekly bootcamps and Tai Chi lessons to doggy "yappy hours." Special **Spring Break programming** and summer movie nights **welcome families from outside of Westchase District** to enjoy outdoor fun. These events are **sponsored by area businesses**. Westchase District's **weekly Farmers Market** is a community gathering place that offers access to locally-grown farm products. Westchase District **engages the community** through our quarterly newsletter, twice-monthly eNewsletter and most **social media** platforms.
