

To the leadership, businesses, and residents of the Westchase District:

I would like to congratulate each and every one of you on the Westchase District's Silver Anniversary. Your 25 years of work on behalf of the Westchase District is extremely impressive, and your accomplishments have been noteworthy. As I look at your 2020 initiatives and results, so well-articulated in your 2020 Report to the Community, I can see that your many contributions in the areas of safety, promotion and advertising, green space enhancement, and many others, are creating opportunities for a strong future for this area. Congratulations again on 25 years of strong service to the Westchase District.

As a 35-year resident of and business owner in Westchase District, I am thrilled to see the parks and street improvements moving forward by leaps and bounds. These high-profile projects will no doubt improve the appeal of the District to residents and businesses alike. The District's commitment to safety is also laudable. And although I will miss the old monument signs, I can't wait to see the sleek new ones sprout up everywhere. Their uplifting, modern design is a perfect symbol for Westchase District's focus on the future.

Westchase has been a great location for our company and employees. We really enjoy being in a mature area and appreciate the significant infrastructure investments that Westchase continues to make to address growth and attract development. We also appreciate the alternative modes of transportation that the district offers, such as wide sidewalks and trails, encouraging a healthy lifestyle. We love being in the Westchase District and would highly recommend it to all Houstonians.

The Westchase District creates a community.

We have been in the Westchase District for almost 2 decades. We have witnessed the transformation first hand.

The beautification of the streets
The addition of the parks and trail system

These have changed the face of the community, which changes the impression of the community and that has brought in more business and people to The Westchase District Community.

The Westchase District keeps getting better and better.

Sharon and Paul Rayner

I had the pleasure of working with the Westchase District for several years during my tenure as President of the PTO for Walnut Bend Elementary. The District has always been extremely supportive of the elementary school and donated often to several key initiatives. They regularly supported our Spring Fling Carnival as a key underwriter, helping the school raise much needed funds to support teacher initiatives and special programs for the students. In addition, Walnut Bend Elementary participated for several years in Odyssey of the Mind - a creative, problem solving competition that encourages kids to work together as teams to design and build solutions to assigned problems, utilizing principles as diverse as engineering, art, music, math, science and so much more. Our Odyssey of the Mind teams were fortunate enough to win the local and state tournaments, becoming finalists in the World Finals, which were held in Michigan or Iowa, depending on the year. The District generously provided the team with funds to help support travel expenses so that our kids could compete at the highest level. I am proud to say that our Odyssey teams returned home victorious, winning several second place titles, as well as a first place title! Walnut Bend Elementary has always prided itself on setting high expectations for their students, encouraging the kids to strive higher and giving them the confidence that they can achieve whatever goals they set. The support we have received over the years from the Westchase District has helped us do just that, and we will always be grateful!

Thank you Chester for such a great event on Friday! I was so happy to be included and a part of it. I also think you are a great writer and the article about Salata Westchase turned out so well. Many compliments from all I have shown it to. I would love a digital version if you have it to pass on to corporate.
Have a GREAT week!

The logo for Salata salad kitchen features the word "salata" in a large, lowercase, sans-serif font. Below it, the words "salad kitchen" are written in a smaller, lowercase, sans-serif font. A vertical line separates the logo from the contact information on the right.

Phillips 66 is proud to be a part of the Westchase District. The District's mission of economic development, public safety, mobility and beautification are important to attracting and retaining top talent at our company. We are supportive of the District's vision and pleased with the programs have been developed within budget and with input from stakeholders. The District is well-managed and utilizes resources with exceptional fiscal responsibility.

Subject: Annual Report to the Community

Good afternoon –

I have received the 2020 Report to the Community. Thank you.

I wanted to provide my note in support of the District and projects.

The enhancements to the district as well as the community involvement and police presence is greatly noted.

Thank you for your time, dedication and achievements!

The Houston West Chamber of Commerce is pleased to be centrally located within the Westchase District. Because of the outstanding work of the District, they have not only created amenities within the District boundaries but have built a community where businesses and residents both thrive and grow. The Westchase District has built several wonderful hike and bike trails that enhance outdoor space and recreational activities. As a business located in the Westchase District, one thing that I have noticed is how quickly the District worked with other authorities to repave Westheimer Road from highway 6 to the Galleria. This is one of the most heavily utilized and traveled roads in the City of Houston. Westchase District also partnered with Bounce back Westchase, a local non-profit helping our local businesses "bounceback" after COVID-19 by promoting Westchase with deals and discounts. The Westchase District has a monthly farmer's market open to the public which again supports local farmers and entrepreneurs and provides a welcome space where residents can buy locally produced fresh goods and products. One of the most important jobs of the District is public safety and the District has an outstanding reputation for keeping us safe. We are very proud of their Blue Star Program with every apartment complex participating. The Houston West Chamber of Commerce is honored to be a partner and supporter of the Westchase District.

Kari Werner
HWCOC - President

I was overjoyed when I first heard the news regarding the improvements planned for the Westchase area. While the sight of construction in Houston is never necessarily a cause for celebration, the excitement at seeing the projects underway is immense! The Westchase District is showing pride in our community through the Westheimer Streetscape improvements as well as the details in the area (i.e. new monuments and building of parks). I look forward to hearing all the "Oooooohs and Aaaaaahs" from our parishioners and visitors in the upcoming months. To everyone working so hard at the Westchase District, Thank You!

I hope that's alright!

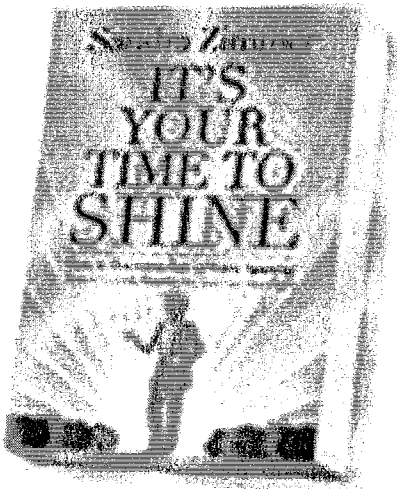

Sandy

I have been a business tenant in Westchase Corporate park for 24 years. During that time, the Westchase District officials have continually improved and beautified the area in which I work. I have loved working in this district. It is a pleasure to drive home through the area.

Warmly,

Sandra Zimmer

Hello Mr. Rayshell,

Although I personally haven't worked long in this position or with you all for that matter, it's a pleasure to be able to serve you in the form of retirement. I hope that you all meet your goals fiscally as well as with the community. Thank you again for choosing us as the TPA for your district and we hope to continue to do business with you in the future!

Thank you,

We value your feedback!
Please share your FFGA experience with us.

The projects and initiatives implemented by the District have been truly transformative for the area – from major roadway reconstruction and stormwater projects (Walnut Bend) to trails, and farmers markets – the area is what it is today because of the District.

Thanks,
Jim

Westchase District

Great looking Report to the Community. Loved reviewing the 25 items Westchase District has accomplished. We have been leasing office space in Westchase District for 19 years, since our inception back in 2001. We enjoy providing IT support for Westchase District especially since we see firsthand all the value brought to our community by this organization. With all the riots and violence going on in our country right now, we don't take our safety for granted. We often see Westchase District Police vehicles patrolling the area. Definitely gives a sense of security.

Thank you for all the wonderful things Westchase District does for our area. Greatly appreciated.

Regards,

Doug
